

Apoorv Verma

Full Stack Developer & Team Lead

With a solid foundation in Electrical, Electronics and Communications Engineering from Panipat Institute of Engineering and Technology, I've honed my technical acumen to excel as a Full Stack Developer and Team Lead at ProTech. Our team is at the forefront of developing scalable web applications using the MERN stack, where my role involves both hands-on coding and guiding junior developers through the intricacies of project cycles, ensuring quality and on-time delivery. The agile framework is my playground, where I actively mentor and foster a team culture resonating with collaboration and innovation. I am passionate about empowering my team to integrate efficient IT documentation into our workflows, optimizing project management processes and leading by example to achieve our collective goals.

WORK EXPERIENCE

Full Stack Developer & Team Lead ProTech

01/2025 - Present

Chandigarh

Achievements/Tasks

- As a Full Stack Developer specializing in the MERN stack (MongoDB, Express.js, React, Node.js), I'm passionate about building scalable, high performance web applications. With 4+ years of experience, I focus on delivering end-to-end solutions, from user-friendly front-ends to efficient, scalable back-ends.
- As a Team Lead, I combine technical expertise with leadership, ensuring projects are delivered on time while maintaining quality and collaboration. I mentor junior developers, conduct code reviews, and promote a solution driven team culture.
